Tel: (905) 475-6649
Fax: (905) 479-9752

MATERIAL "S" • SPANN BOX • CHAIN GUIDES • CERAMIC ISOLATION

Dear customer,

AMS Industries has now ceased operations, and we would like to refer you to a newly formed company, LMJ Products Inc. Although this company is new, it is closely associated with TECOM Inc., a company with a twenty year history of selling bearings into the machine design and material handling industry. One of their long term associates, Helmut Krohmer, was a Sales Manager at AMS Industries, and is very familiar with the complete Murtfeldt line. They have a similar company structure, and emphasize customer service, and high in-stock levels. They can ship out of either their US or Canadian warehouses, so we encourage you to contact them with your requirements. The new company can be reached at:

Sales Contact: Nadine Franceschini
Phone (USA): (716) 855-3155
Phone (Canada): (905) 475-6649
Fax: (905) 479-9752
Email: sales@lmjproducts.com
Website: www.lmjproducts.com

I have retired (finally) from business, and wish to extend my thanks to you and all my customers for a rewarding working relationship for so many years. I am confident that I leave you in good hands and that LMJ Products Inc. will continue to provide you with top-notch, individualized service and the finest products available.

Regards,

Martin Malthouse

President, AMS Industries
